

# *Preface*

We apologize for the long delay in publishing this volume 9. This happened for the first time in our last ten year experience. Volume 10 is in a very good shape, which will start with the two special issues of SAMPTA 2009.

It is our pleasure to welcome Professor Kil H. Kwon, of the division of Mathematics at KAIST, Korea, as an editor of our Journal.

Abdul J. Jerri  
Executive Editor
